Also known as World Healing Day and World Peace Day, the International Hour For Peace is an annual global event launched in 1986 by the Quartus Foundation to offer people all over the world an opportunity to gather for peace, love, understanding, and forgiveness through a simultaneous global mind-link at noon Greenwich Time on December 31st of each year. Based on the Quantum Physics principle that thought and prayer can direct energy and thus create reality, the event is designed to join millions of minds around the world to focus on and manifest lasting peace on Earth. 2016 is the 31st annual event both globally and in Fort Collins. It's also the fourth observance in Loveland. *The 2016 Hour For Peace NoCo is dedicated to Mark Beck, longtime Fort Collins Peacemaker who found Eternal Peace November 17th.*
